

Get Golf Ready (Includes \$50 Range Pass)

This is a 5-hour class held in 5 weekly sessions. This class is for the **NEW golfer** who has never played or had lessons. The student will learn all the basic aspects of the game. This class is a very comprehensive overview of all the basics of golf. Throughout, the student will get general information regarding many of the different areas of the swing, the short game, and the game of golf itself.

The class structure starts with the equipment, and we quickly move to the pre-swing components. We talk about how to hold the club, how to stand, and how to aim. We talk about the concepts of how to swing and we work on swinging the club. We also work on balance, weight shift and staying centered over the ball. We are primarily trying to get solid contact throughout this class.

We spend one of our class sessions on short game. Chipping and putting are emphasized but we also do some pitching. We talk about rules and etiquette and how it pertains to activities on and around the green. We also have discussions about scoring and cover some of the basic terminology of golf.

Adult Clinics

Clinics are one-time class sessions and will involve all skill levels of players. Clinic sizes are small to accommodate all skill levels of player and provide us with more individual time with each student yet providing them with a cost-effective way to get expert instruction. Clinics are limited to 5 students to 1 instructor. **Minimum of 2 required to hold the clinic. Advance registration is required.**

This clinic is an hour in duration. This clinic is designed to help the individual with his/her particular game issues within the topic we discuss. We will begin each clinic with a specific topic and then we work with each person individually and offer instruction regarding the topic or whatever else the student needs help with to resolve the problem areas of his/her game.

Adult Clinics

Tuesday 6:00PM-7:00PM

\$45 each or \$165 for 4
